Missionary Anniversary of Virginia Conference.

The eighth Missionary Anniversary of this Conference, was held in the M. E Church, last night. A large and appreciative audience was present, and judging from the attention that was given the speakers, and the good order which prevailed, it is re-sonable to suppose that there was an interest created, and the object of the meeting one of great importance. Rev. A. J. Porter commenced the in-

troductory exercises by reading the 2nd Psalm, and announcing the 995th hymn. Prayer was then offered by Rev. C. King.

Bishop Bowman presided. Before introducing the speakers, he said that until reading the notice in the city papers he did not know that a speech was expected from him. There were two objections why he would not speak at this stage of the meeting.

First. There were a number of others to speak who were younger men and full of fire. Second. He cited the Scriptual injunction, "Do noto others as you would have them do nnto you," and stated that when a young man he disliked to be preceded by his elders in making addresses, and taking this into consideration he would refrain from making any remarks

at present. R.v. Mr. Webb was then introduced and denvered an interesting discourse. He was followed by Dr. Freeman, Sunday-school Scoretary, at the conclusion of whose address, Mr. J. P. Baldwin was introduced and directed his remarks especially to the layman, exhorting them to do something for Christ.

The duty of taking up the collection and sub scription devolved upon Dr. Walsh who in a iew remarks declined the honor.

Bishop Bowman said when he stood before the people to ask money he never felt embarrassed, as it was no new thing for him to take up a collection The Methodist Missionary Society is not a company of men in New York, with a large amount of money, sending it out in different directions, but the M. E. Church composed of 10 000 ministers, 1,500,000 members, 1,500,000 Suuday school children, and over 1,000,000 who attend church who are not members. About \$650,000 were collected for Missionary work during the past year. There are some who contribute freely, others who give nothing. Methodists who are not willing give for the salvation of the world he would leave in the hands of a merciful God. At the conclusion of the addresses, a collec-

tion by subscription was made, when the sum of \$56 was realized. This with the Sunday school collection amount to \$100 The choir under the leadership of H C.

Clark, sang several appropriate selections in a highly creditable style. After singing the Doxology, Dr. Walsh pronounced the benediction.

[REPORTED FOR THE ALEXANDRIA GAZETTE] ARLINGTON, Va., Feb. 26, 1876. - The sudden expuision of R. D. Ruffio, our whilom Sheriff, from that honorable body, the Legislature of our State, which by the way is dying hard, causes much comment in this county, where he has many friends. Poor "Ruff," as he is familiarity known, is noted for his many ups and downs as well as bull-dog grip in poli ties, and knowing ones predict he will be on the top rail again. To many will recur his oft-expressed determination to "be in de Congress of de United States," and in these palmy days of our glorious country such ambi tion meets its reward very often, so though it be dark around.

"Hope on sad heart with no repining, Behind the clouds the sun is stining.'

The Arlington Turopike Company, at a meeting of its directors, last Saturday night, decided to foroid the brick yard owners from further mutilating its pike, and will immediately proceed to finish and grade the cut between the canal and Fort Runyon, according to the terms of the contract between the company and the brick yard owners, the former having failed to fulfill the contract entered into nearly two years ago. That is business!

Rev. E. P. Phelps was to have delivered his farewell sermon in Arlington last Sunday night, but to the great disappointment of his congregation, did not come. Mr. P. is a very able minister, and it is hoped the Conference. now assembled to your city, will assign him to some location where his salary will be more equal to his services.

Not long ago the School Board of this county proposed to get the Legislature to ask Con gress for an appropriation of \$10,000, to be applied to the Secool and Poor fund of the coun ty in consideration of the loss of taxes on the Arington estate, the present tenants thereof being brought there by the Freeuman's Bureau, and the burthen of their education and maintanuance having been borne by the county since the collapse of that Bureau. The Board of Supervisors have sent such a petition to our Representative, Geo. Huoton, for him to present, and it is hoped a sense of justice will cause Congress to grant the inconsiderable sum asked for, and which would do much good.

Mr. Dodge has long been bothered by trespassets on his place, near the Long Bridge, and last Tuesday had Geo. Baily and Em a Bates, who had been helping themselves to his kale, before Justice Austin, who gave them the law on the subject, and with Mr. D.'s consent let them off on their forking up the casts and promising to do so no more. The sustice, patrione as he is, had to perform his duty even though it was the 22d, and as Weshington, so his life tells us, once thrashed a trespasser, Mr. Dedge was excusable.

Mr. M. C. Simus will organize a class in elecution and vocal music in Arlington, and as the public have had manifestations of his fitness, he will doubtless have a full class.

The colored cit zens of the county are talking of raising a regiment of militia. provided the Governor will furnish them with arms. They are wide awake and will "figut nobly." A series of prayer meetings have been held in Arangton every Thursday night, and are at work there.

Mr. S. B. Corbett, of Arlington, has been called north on a sad errand-to visit his venerable father, who is in a very critical condition at his home in Binghamton, N. Y.

feb 24-td3 REAL ESTATE IN ALEXANDRIA The undersigned, in accordance with the pre-visions of the will of Robert H. Miller, offer for sale the following pieces of property, in the city and county of Alexandria, in the State of Vir-

THREE-STORY BRICK DWELLING, known as No 77 Washington street, situate on the east side of said street, between Queen and Princess. This house is supplied with all the modern conveniences, including gas and wa'er, a first rate kitchen range, a steam heating ton street, between Duke and Wolfe, fronting 50 feet on Washington street and running back

113 feet to an alley 11 feet wide. Third: A LOT OF LAND fronting 52 ft. 33 inches on the east side of Water street and running through the square to Union street, of uniform width, and of a depth of 300 feet. This lot can be divided into four lots of equal size, two fronting on Union street and two on Water st.,

corner of Union and Queen streets, fronting of feet 7 inches on Union street and running into the Potomac river of the same width to the Port Warden's line, having the advantage of dock room of 33 feet, being the north half of Queen st. Union street between Prince and Duke, fronting 30 feet on Union street and running of that width into the Potomac. This lot has a wharf front of 38 feet, and has on it two large and commodious WAREHOUSES—one front ing on the Strand, formerly occupied by B. H. Lambert, and one on Union street, occupied by R. M. Lawson. The warehouse fronting on the Strand and the wharf privilege and wharf will

be sold together, and the war nouse fronting on Union street by itself.
Sixth: A LOT OF GROUND, near the Stone
Bridge, on the south side of Duke, street, having a front on said street of 476 feet and running back to the Alexandria and Fredericksburg Kailroad, containing about 31 acres. This lot contains a never-failing spring of good water, and is bounded by the west bank of Heff's run, with the privilege of using its water.

Seventh: A TRACT OF LAND in Alexandria county, near to but outside of the city limits, containing 13 or 14 acres. The east line of this lot, 1000 feet long, bilds on the Alexandria Canal, and the Alexandria and Washington Railroad and turnpike bound it on the west. This tract being in one compact body, offers sin gular advantages for a large manufacturing establishment, and being beyond the city limits it is exempt from city taxation. It is believed that there is a very large quantity of excellent clay for making bricks in this land, and the

ratiroad and canal on either side of it would offer a cheap and easy means of conveying them All of the above described property remaining unsold on the 28th OF MARCH will be sold by public auction, by Messrs, Green & Wise, at 12 clock m , in front of the Mansion House H .tel. Should let No. 1 not be sold privately, it
